

SOC 2 Evidence Sample

Change Management Approval Record

This PDF is a safe manual-testing artifact for Cybernara evidence upload flows. It contains no real customer data, secrets, credentials, API keys, or production change details.

Field	Sample Value
Control area	SOC 2 Common Criteria - Change Management
Review period	2026-Q2
System	Sample Production Application
Change ticket	CHG-SAMPLE-2026-0710
Change type	Standard application release
Approval status	Approved for testing evidence upload

Approval Evidence

The sample change was reviewed for documented business justification, test evidence, rollback plan, and approval by an authorized reviewer before release. This content is intentionally generic and suitable only for functional testing.

Manual Upload Test Notes

Upload this PDF through the Assessment evidence panel. Expected behavior: the file is accepted as an allowed document type, moves through quarantine and scan status, and can be linked to a SOC 2 assessment item.
